

**The Arctic Vegetation
Archive Workshop, 14-16
April 2013, Kraków, Poland**

Welcome and Agenda

Acknowledgments

All those here (and those who couldn't make it): For coming and/or contributing and making this possible.

CAFF and CAFF Flora Group: Tom Barry, Kári Fannar Lárusson, Courtney Price, Stephen Talbot, FG participants at this meeting. For endorsing the project, providing support for the IAVD Strategy Report helping with logistics, and providing guidance for coordination of species-related issues.

IASC: Volker Rachold and IASC Secretariat Staff, Terry Callaghan and Terrestrial Working Group for endorsing the project and providing IASC workshop support.

ASSW hosts: Jagellonian University: Maja Lisowska (Institute of Botany), Barbara Rybak and staff at the Florianska Guesthouse for help with hotel and meeting-room arrangements.

NASA Land Cover Land Use Change program: for participant support.

UAF Institute of Arctic Biology staff (Sonnary Connors, Katie Callaghan) and the Arctic Geobotany Center (Edie Barbour, Amy Breen, Martha Raynolds): for help in countless ways.

Introductions:

Agenda: 14 April: Joint CAFF FG and AVA meeting

Morning: Welcome, keynote addresses, goals for the workshop, FG and species list items, local floras.

Skip Walker: Welcome

Kári Fennar Larusson: CAFF welcome

Fred Daniëls: Keynote Address

Marilyn Walker: Retrospective

Skip Walker: Overview & workshop goals

10:30: Coffee break

Steffi Ickert-Bond: CAFF FG meeting summary

Martha Raynolds: PanArctic Species List **CAFF FG:** Discussion re: species lists.

Olga Khitun: Russian local flora approach.

12:45: Lunch on your own at local restaurant

Afternoon: Potential applications of the AVA.

Loïc Pellisier & Laerke Stewart: The AVA species distribution models.

Gabriela Schaepman-Strub: AVA and climate modeling.

Fred Daniëls discussion: AVA & vegetation classification

Preliminary discussion of databases and maybe demos.

18:00: Dinner on own or with group in local pub or restaurant.

Agenda: 15 April: Status of circumpolar databases

Morning: Summaries of vegetation data from the circumpolar countries

Amy Breen et al: Arctic Alaska

Esther Lévesque et al.: Canada

Helga Bültmann et al.: Greenland

Fred Daniëls et al.: Norwegian Arctic

Anna Maria Fosaa et al.: North Atlantic and North Pacific Regions

11:00: Coffee Break

Nadya Matveyeva et al (delivered by E. Troeva): The Russian Arctic.

Michael Telyatnikov et al: North-West Yakutia)

Natalia Koroleva (delivered by Skip Walker): Kola Peninsula

Ekatierina Kulyugina: Russia European sector

Nikolay Lashchinskyi: Siberian Arctic

Ksenia Ermokhina, (delivered by Skip Walker): Yamal & Gydan Peninsulas

Volodya Razzhivin (delivered by Skip Walker): Chukotka

13:50: Lunch

Afternoon: Database issues

Borja Jiménez-Alfaro et al.: EVA and Braun-Blanquet Project 15:30: The

Will Mackenzie: VPro & the Canadian database

Michael Lee: VegBank and the USNVC

Alexander Novakovskiy?: The Russian vegetation database approaches:

Demos of Turboveg, VegBank and other databases.

18:00: Dinner on own or with group in local pub or restaurant.

Agenda: 16 April: Next Steps

Morning:

Ideas on funding possibilities

Discussion of organization

Publications

Next meeting

12:00: Adjourn unless we have too much from previous day
